

Newsletter

One of London's Leading M&E Contractors for 35 years

THE
ROYAL
SOCIETY

Welcome to the 10th edition, of IDWe Ltd's Newsletter. We are thrilled to

announce that we have been awarded the **Certificate of Excellence by NICEIC**.

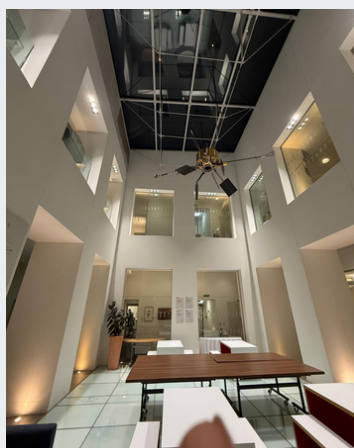

Celebrating

over **25 years** as an **Approved Contractor**. This reflects our commitment to the highest standards of electrical safety, quality, and compliance. Plus read our latest case studies.

Ian Wilford
Managing Director
IDWe Ltd

We recently completed two bespoke Electrical Projects at **The Royal Society** in London. Learn more:

Replacement LED Lights in the Atrium

Our Electrical Services team replaced eight high-level luminaires from Metal Halide Lamps to LED lights.

[Read The Full Case Study](#)

Glass Ceiling Lighting Upgraded

We changed old fluorescent luminaires with new LEDs.

[Read The Full Case Study](#)

Pipe Freezing Services

Our client Jetworks trusted our team to deliver a crucial maintenance solution at Southampton Airport. Essential repair work

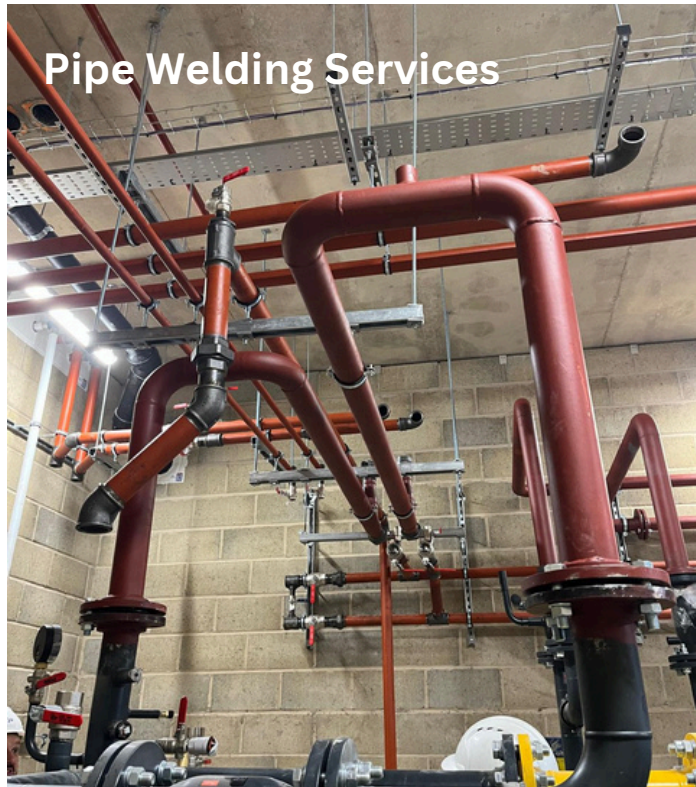

required liquid nitrogen freezing to enable heat/shrink process to take place, making an axle replacement possible on a plane's wheel assembly.

[Read Our Case Study](#)

Pipe Welding Services

Our engineers fabricated off site and delivered 65mm flow and return pipework complete with required flanges and outlets.

**Weston
Homes**
