The Magic of Christmas 2026

For the 11th year, preparations begin to power **Regent Street's 'The Spirit of Christmas'** lights for visitors to London's West End.

Pipe Freezing Services at 60 London Wall, London

Our experienced engineers completed **16 liquid nitrogen pipe freezes** at 60 London Wall, helping the client minimise disruption while our team:

- Removed redundant fan coil unit (FCU) pipework
- Drained dead legs
- Plugged the tee outlets

Bespoke Handrails with LED Lighting in St James's, London

Our engineers **designed, manufactured and installed** bespoke handrails for a commercial office development at 10 Spring Gardens. The bronze finish complements the building's Portland stone, while integrated

LED lighting improves visibility along the walkway.

Air-Cooled Chiller Replacement, Darent Valley Hospital, Kent

Our HVAC team replaced a failed rooftop air-cooled chiller for The Heart Centre. We installed chilled-water pipework and coordinated the electrical work and chiller controls to restore reliable cooling for patients.
